

# What is new on the T4A GPS Maps – Traveller's Africa 22.05

T4A GPS Maps 22.05 comes preloaded on a **micro SD** card with standard adapter, ready for **Plug & Navigate**. This SD card can be used on most map capable **Garmin** units and has been tested with latest Drive models as well. ***This product is not compatible to iGO in car navigation systems, Android or iOS devices.***

The SD card also contains **installation files for PC and Mac** users who want to install the maps on their computers for trip planning or for transferring maps to older Garmin units such as the 276c, 76csx, previous generation eTrex, etc.

The map growth is organic in nature. We processed **360 data submissions for version 22.05**. These data submissions not only contribute more roads and POI's to the map, it also improves the quality of existing data by means of corrections. The overall road coverage has increased by **0.35%** from **21.10**.

## Map Coverage

- **1 382 306km** of roads, detailed tourist coverage and fully navigable (0.35% increase from 21.10)
- **182 045** points of interest (1.53% increase from 21.10)
- Most complete and detailed **protected areas (national parks, game reserves, private nature reserves etc.)** in Africa – **2 593 parks** in total.
- **17 625 accommodation** listings (1.3% up from 21.10)
- **4 559 camp sites**, **the most complete camping data base in Africa** (2.3% up from 21.10)

- **7 854 places to eat or drink** (up 1.6% from 21.10)
- **14 635 fuel stops** (0.1% up from 21.10)

## **Change log from selected data submissions**

With our Southern Africa Traveller's Atlas now behind us our team could return to more general maintenance tasks. We started work on Eastern Africa road conditions, updating large city bypass roads and identifying road breaks all over our map coverage. The changes seems small but they all contribute to the quality of routing produced by the maps.
