Tracks4Africa 26.03 Release Notes

01 March 2026

Note: This is a subscription release. If you have purchased a yearly or 5-yearly subscription, this will be a map upgrade within your active subscription.

This **upgrade** should now be available on our [online shop](#) under "[My Account/Subscriptions](#)" under your active subscription. (note: if you are eligible for this release and your subscription has in the meantime expired, you will still be able to access and use it - find it under your expired subscription.)

The map growth is organic in nature. **This release will always include more roads, tracks and waypoints in general.**

What is specifically new on the T4A GPS Maps Subscription release 26.03?

- eNtokozweni (Machadodorp) road and POI updates
- Midrand road and POI updates
- Lesotho road updates
- Esiphola Pass added in Lesotho
- Rawsonville routing updates
- Tuli Farms updates

PLUS All SD Card version 25.10 Upgrades will also be included in this Subscription

upgrade:
